Oct 3, 2012 I am having trouble finding or downloading the iGO APK and updates thei[Glo.. File azureus error i get message "windows azureus" stop. Please help me and say its usefull. May 1, 2015 If the Android version is 5.1, you may have to change the factory setting on the phone to disable this. Full thread in . May 7, 2015 Another full thread in . What's different in the iGO for Android app on Windows?? May 27, 2020 So, I had a follow-up question: is there any solution for me, since i didn't get notification for some time. I have no idea, why it so. Oct 28, 2020 not working on an android phone is caused by the version of the phone and the error messages are in the above-posted threads: the phone need at least a 5.0 version and a running Google Play Services with the correct version. for the gingerbread, run your phone at least in 2.3.6 or newer, for the honeycomb/samsung galaxy s3 to keep your support, run the minimum version of the google play services to 2.3.5 and for Marshmallow run with Version 9.6.7.235465. Feb 17, 2017 this worked for me, very easy: It opens the standard menu when you start the game, but you can't create a new game, use the options from there. If you don't want to buy, here is another free download. De Novo V9.4.2 Download Link Feb 28, 2020 This happens the first time you press "Start." You have to press "Install" to get an error screen. If it's the first time you use the game, it will ask you if you want to download the data.zip. You will then need to download the file at the top of this page, and transfer it to your phone. Get the file "data.zip" from : Then Press "Play," and that's it. Feb 28, 2020 So this release is great (pretty much), but the problem is that I didn't find a data.zip
