## Construct 2 License File [BEST]

"A license file for Construct2 was found, but there was an error loading it. Construct 2 reverted to a free version.". In this case, if you previously purchased a license, and then discovered that there is some kind of error in the game, then you will have to delete it and re-purchase the license. If you haven't purchased a license yet, if you get the error "A license file for Construct2 was found, but there was an error loading it. Construct 2 has reverted to a free version." you need to: 1. Go to the "Help" menu of the game. 2. In the window that opens, find the "Settings" item, 3.
